

## WELCOME TO KISSA.

Our sound is our voice. The perfect inspiration for the harmony  
between senses.

A look into the past, a glimpse of what is next.

Our track list is an homage to the albums that have always inspired us.

Each one is a representation of those feelings, a pairing for that beat, a  
manifestation of those memories.

Just like the record, our selection will always be rotating.

Variety is the spice of life, and there will never be a shortage of hits.

So step back in time with us to where it all started, your own vinyl haven  
from the back-alleys of Kyoto.

There's plenty to explore, so whether you're exploring a new genre  
or you've got something on repeat, let us spin you your new favourite  
cocktail and queue up your new favourite dish.

Don't be shy.
